EDUCATION

Universidad de Dagupan   Dagupan City
Master in Information Technology   2022-2024

Universidad de Dagupan   Dagupan City
BS Information Technology   2017 – 2021

WORK EXPERIENCE

Part-Time BSIT/MIT Professor, Universidad de Dagupan (Dagupan City, 2022–2025):
Taught and guided students in BSIT/MIT courses, developed and updated curriculum materials, and supported student learning and projects.

Part-Time MIS Staff, Universidad de Dagupan (Dagupan City, 2022–2025):
Managed the university's MIS infrastructure and applications—including an Ubuntu-hosted MSSQL server with automated six-hour cloud backups, JSP/Tomcat-based school systems, and Cloudflare DNS management for udd.edu.ph—while providing technical support and ensuring overall system reliability.

Senior Web Developer, ArzaTech Solutions and Games *(Dagupan City, 2019–Present):*
Spearheaded the end-to-end digital ecosystem for Universidad de Dagupan—serving 15,000+ active students—by developing and deploying:

- **STEP LMS:** → udd.steps.com.ph
- **Official Website:** → udd.edu.ph
- **Student Portal:** → portal.udd.edu.ph
- **Mobile Apps (Android & iOS):**
    - STEP LMS Android → Play Store
    - STEP LMS iOS → App Store
    - Student Portal Android → Play Store
    - Student Portal iOS → App Store
- **Queuing System**
- **QR Code Contact Tracing**
- **Attendance Monitoring (ISUdD)**

Laboratory Custodian, Señor Tesoro College Inc. (Calasiao, 2016–2017):
Managed daily operations and maintenance of a 30-seat computer lab, performing hardware diagnostics and network troubleshooting
